(TWO POSITIONS AVAILABLE - WILL CONSIDER FILLING AT EITHER LEVEL -
DUTIES WILL BE ADJUSTED ACCORDINGLY)

****A WRITING SAMPLE OF 3-5 PAGES MUST BE SUBMITTED WITH YOUR APPLICATION****

Under the general direction of the Chief, or the Assistant Chief, Division of Environmental Planning and Management, the position is responsible for independently conducting and managing extremely complex and difficult environmental analyses and studies on projects before and programs of the California State Lands Commission (Commission).

DUTIES AND RESPONSIBILITIES

Serve as Project Manager in the preparation of environmental documentation required under the provision of the California Environmental Quality Act (CEQA) prior to the Commission's consideration of major capital projects proposed to be located on or utilize State lands under its jurisdiction. This responsibility includes, but is not limited to:

- Recruiting and managing third party environmental consulting contracts;
- Gathering and analyzing available data and information regarding the potential environmental effects of proposed or ongoing projects;
- Preparing appropriate environmental reports utilizing such data and information;
- Coordinating with program staff of the Commission and Federal, State and local agencies;
- Meeting with applicants, public interest groups and other governmental agencies to achieve compliance with CEQA and related laws, rules and regulations;
- Representing the Commission at public hearings required under CEQA to take testimony on the adequacy of EIRs;
- Presenting testimony before the Commission and other decision-making bodies on the potential environmental impacts of proposed projects and recommended mitigation measures. This responsibility may also include serving as Project Manager to fulfill the above functions in the preparation of joint EIR/EISs in conjunction with Federal agencies or representing the Commission on Joint Review Panels in the preparation of EIRs or joint EIS/EIRs in cooperation with Federal or local agencies;
- Review miscellaneous applications. Work with staff from other CSLC Divisions (Land Management, Mineral Resources Management, and Marine Facilities) to determine application completeness and CEQA compliance;
- Provide environmental expertise in the formulation, implementation and ongoing management of Commission programs as they might affect public health and safety and the environment;
- Review environmental documentation prepared under the provisions of the National Environmental Policy Act (NEPA) or the CEQA by Federal, State or local agencies on complex, sensitive projects

for which the Commission is a Responsible or Trustee Agency and prepare comments on the adequacy of such documentation. This responsibility may also entail providing testimony on such documents before the relevant decision-making bodies of such agencies;

- Serve as a member of special teams/work groups, such as the Commission's Natural Resource Damage Assessment (NRDA) team and the Wetland Managers' Group (Southern California Wetlands Recovery Group).

DEGREE REQUIREMENTS FOR TRANSFER APPLICANTS

Education: Possession of a bachelor's or advanced degree with a major in a biological, chemical, physical, or environmental science, or a closely related scientific discipline. (Admission to a masters or doctoral degree program in a biological, chemical, physical, or environmental science, or a closely related discipline shall be considered to meet these education qualifications.)

DESIRABLE QUALIFICATIONS

- Ability to develop and apply expertise in natural resource management issues and work as part of a diverse, inter-disciplinary team;
- Ability to work toward consensus positions with governmental, private, and public interest groups;
- Experience in managing contracts and working with contractors;
- Knowledge of the CEQA, the Permit Streamlining Act (PSA), and other natural resource management law, rules, and regulations, e.g., Federal and State Endangered Species Acts and the National Environmental Policy Act (NEPA). Knowledge of air and water quality issues is also useful;
- Working knowledge of computers and software (word processing, databases) and a basic familiarity with the uses of Geographic Information Systems (GIS).

POSITION LOCATION

100 Howe Avenue, Suite 100-South
Sacramento, CA 95825-8202

Free Parking! Near Light Rail, Bus Lines and CSU Sacramento.
